ANU-NICTA SCHOLARSHIPS

Description

NICTA provides a range of scholarships including some that supplement awarded Australian government or university scholarships, and standalone NICTA postgraduate award scholarships. Both supplementary and standalone scholarships are set at a competitive rate and are offered to NICTA-enhanced students on the condition that recipients also apply for government or university scholarships for which they are eligible and that they accept NICTA scholarship conditions. Applications are ranked by a joint ANU-NICTA selection committee under 3 assessment criteria academic merit, research potential and alignment with NICTA's research agenda.

For more information, visit

http://www.nicta.com.au/education/scholarships/canberra_research_lab

Additional Information

Application closing dates are typically as follows: 31 August (international applicants) or 31 October (local applicants) for entry in semester 1 of the following year; and 30 April (all applicants) for entry in semester 2. Please note that generally there are more scholarships available for entry in semester 1 than for entry in semester 2.

Duration and Value

Duration: 3.0 years

Annual value: \$A 22,500.00

Extra Details: The scholarships cover full course fees as well as an APA equivalent stipend (\$22,500 in 2010) for living expenses during the first year. There are a limited number of top-up scholarships available for exceptionally high performing applicants. During the second and subsequent years of the PhD program, the package provides an APA rate base stipend to cover living expenses as well as a top-up scholarship, the level of which depends on the applicant's success in gaining a government or university-funded scholarship. The top-up scholarship can be up to \$9,000 in the final year of study depending on performance and other scholarships held. For international applicants, a limited number of full fee paying scholarships are also available.

ASIAN DEVELOPMENT BANK-JAPAN SCHOLARSHIP PROGRAM (ADB-JSP)

Description

The Asian Development Bank (ADB) Japan Scholarship Program (JSP) was established in April 1988 to provide an opportunity for students to undertake postgraduate studies at selected educational institutions in Asia and the Pacific. The ADBJSP is funded by Japan and administered by ADB. Currently, 20 institutions in 10 countries participate. The scholarship aims to provide an opportunity for well-qualified citizens of ADB's developing member countries to pursue postgraduate studies in economics, management, science and technology, and other development-related fields at participating academic institutions in the Asian and Pacific Region. Upon completion of their study programs, scholars are expected to contribute to the economic and social development of their home countries. The ADBJSP enrolls about 300 students annually in 20 academic institutions located in 10 countries within the region.

For more information, visit <http://www.adb.org/JSP/default.asp>

Additional Information

Applicants living or working in a country other than their home country are not eligible to apply. ADB-JSP does not sponsor undergraduate studies, distance learning programs, short-term training, conferences, seminars, thesis writing, and research projects. Candidates who are applying in a participating academic institution in their own country may not be selected.

Duration and Value

Duration: 2.0 years

Extra Details: The ADB-JSP provides full tuition fees, a monthly subsistence and housing allowance, an allowance for books and instructional materials, medical insurance and travel expenses. For scholars engaged in research, a special grant may be available for thesis preparation. In special circumstances, computer literacy, preparatory language and other similar courses may be covered under the scholarship. The scholarship is for 1 year with an extension to the second year of study, as appropriate, which shall be conditional on the scholar maintaining a satisfactory level of performance as determined by the institute. The maximum duration of scholarship award is 2 years for master and 3 years for doctorate programs.

Important Dates

Application closing date: Continuous application

Eligibility criteria

General information

Applicants must: be nationals of an ADB borrowing member country; have gained admission to an approved postgraduate course in any of the participating academic institutions; have a bachelor degree or its equivalent with superior academic record; have at least 2 years of fulltime professional working experience; have proficiency in oral and written English communication skills to be able to pursue studies; be not more than 35 years old at the time of application; be in good health; and agree to return to his/her home county after completion of studies under the program. Programs covered by the ADB-JSP are postgraduate studies in economics, management, science and technology, and other development-related fields. Preference will be given to female candidates and applicants with lesser financial capacity, but will not support applicants who have previously studied abroad or pursuing a second master or doctorate degree. In Australia, this scholarship may be undertaken at the Australian National University, the University of Melbourne, or the University of Sydney.

CAPITAL MARKETS COOPERATIVE RESEARCH CENTRE (CMCRC) PHD SCHOLARSHIPS

Description

Substantial scholarships are offered to exceptional students in finance, IT, econometrics and related disciplines, such as actuarial studies, who are capable of undertaking PhD research in financial markets. The applied research involves partnering with stock exchanges, regulators, fund managers and investment banks in Australia and around the world. Participating universities include the University of New South Wales, the University of Technology Sydney, the University of Sydney, Macquarie University, Wollongong University or an overseas university associated with the CMCRC, such as the University of Reading. The CMCRC provides a well-resourced research environment for work in capital markets. CMCRC research aims to obtain a better understanding of financial markets and the provision of technology solutions, to create better capital markets locally, regionally, and globally. The research focus of the CMCRC is security market integrity and the protection of markets against fraudulent and illegal trading. Research areas also include the analysis and processing of data relevant to financial markets.

For more information, visit <http://www.cmcrc.com/index.php/scholarships/>

Duration and Value

Duration: 3.0 years

Annual value: \$A 50,000.00

Total value: \$A 150,000.00

Extra Details: The scholarships are valued at up to \$50,000 per year (tax-free) and are tenable for up to 3 years, subject to satisfactory performance. Australian residents in the program obtain RTS places, which mean that they normally do not pay tuition or CSP fees.

Important Dates

Application closing date: 15 June; 15 November

Eligibility criteria

General information

All applicants must have exceptional academic record and demonstrated research ability. The minimum requirement is a 1st-class honours degree or a master degree by research. Applicants should have a degree in one of the following disciplines: finance; accounting; information technology; or computational linguistics. International students are eligible to apply, however the CMCRC does not pay university tuition fees for international students. Overseas students can apply to their university or faculty for a fee scholarship, or fee waiver, but this is a matter between the student and the university. It is particularly important for international students to demonstrate the quality of their qualification, their capacity for research and their ability in written and spoken English. Shortlisted applicants will be interviewed.

ENDEAVOUR STUDENT EXCHANGE PROGRAM

Description

The Endeavour Awards are a part of the Australia Awards initiative which was announced by the Prime Minister in November 2009. The Australia Awards have been established to maximize the benefit to Australia of its extensive scholarship programs, and to support enduring ties between Australia and its neighbors. Under the Endeavour Student Exchange Program, Australian higher education institutions receive funding from the Australian Government to subsidize the cost of Australian and international students' participation in student exchanges with registered higher education institutions in eligible countries. For more information, visit http://www.endeavour.deewr.gov.au/student_exchanges_new/endeavour_student_exchange_program.htm

Duration and Value

Duration: 1.0 year

Annual value: \$A 5,000.00

Total value: \$A 5,000.00

Extra Details: Student exchanges include provisions for tuition fee waiver and credit transfer arrangements. Australian higher education institutions receive A\$5,000 per student to subsidize the cost of that student's participation in an eligible student exchange. Supported students are required to study fulltime for at least 1 semester and a maximum of 2 semesters in a counterpart institution.

Eligibility criteria

General information

Individual students are not eligible to apply for funding under the program. Australian higher education institutions are eligible to apply. ENDEAVOUR VOCATIONAL EDUCATION AND TRAINING (VET) AWARDS

Description

The Endeavour Awards are a part of the Australia Awards initiative which was announced by the Prime Minister in November 2009. The Australia Awards have been established to maximize the benefit to Australia of its extensive scholarship programs, and to support enduring ties between Australia and its neighbors. The Endeavour Vocational Education and Training (VET) Awards provide financial support for international students from participating countries to undertake vocational education at a diploma, advanced diploma or associate degree level in any field of study in Australia. Vocational education and training provides occupational or work-related knowledge and skills. The courses are traditionally nonacademic and directly related to a trade, occupation or 'vocation' in which the applicant participates. These courses exclude degree and higher level programs normally delivered by universities. For more information, visit <http://www.australiaawards.gov.au/>

Duration and Value

Duration: 2.0 years

Total value: \$A 119,500.00

Extra Details: The awards are valued at up to a total of A\$119,500. Benefits include: a travel allowance of \$4,500; an establishment allowance of \$4,000; tuition fees of up to \$13,000 per year (for up to 2 years); a monthly stipend of \$2,500 (up to 2.5 years on a pro-rata basis); and English language training valued at up to \$10,000 (if required). Funding will be provided to cover the cost of standard Overseas Students Health Cover (OSHC) for the duration of the award. Funds are not available to support accompanying dependants or for return visits to the home country. Awards are up to 2.5 years in duration consisting of: up to 6 months English language training (if required); up to 2 years study towards a Diploma or Advanced Diploma.

Important Dates

Application closing date: 31 July

Scholarship start date: January

Scholarship end date: December

Eligibility criteria

General information

Applicants must: be citizens or permanent residents of a participating country and physically resident in that country (those holding dual Australian citizenship or permanent residency status in Australia are ineligible to apply); have completed a qualification equivalent to the Australian Senior School

Certificate of Education (Year 12); demonstrate English language proficiency; have applied for and gained admission to a diploma, advanced diploma or associate degree course in an Australian vocational education institution (conditional letters of offer will be accepted at the time of application).

Award holders must commence their approved program and award in the year following application. Applicants who have commenced or intend to commence their program at their host institution in the year of application are ineligible.

GREAT BARRIER REEF MARINE PARK AUTHORITY SCIENCE FOR MANAGEMENT AWARDS

Description

The aim of the scheme is to provide students with funding to support their research programs from a wide variety of disciplines. Research must be relevant to the planning and management of the Great Barrier Reef Marine Park and World Heritage Area; priority will be given to research projects that are considered a high priority for the management of these areas. Particular consideration will be given to those proposals that would contribute to the authority's key issues of: water quality and coastal development; sustainable use; climate change; tourism and recreation; and conservation, biodiversity and world heritage. For more information, visit http://www.gbrmpa.gov.au/corp_site/info_services/science_management/information_for_researchers/grants

Additional Information

In return for funding, the recipient is obliged to submit a financial statement and brief report to the Authority by 31 December of the year in which the grant was awarded. The report should include an outline of the achievements of the research program and the relevance of the outcomes to the management of the Great Barrier Reef Marine Park.

Duration and Value

Duration: 1.0 year

Total value: \$A 4,000.00

Extra Details: Grants are usually in the order of between \$1,000 and \$4,000 (including GST). Successful applicants and their institutions will enter into an agreement with the Great Barrier Reef Marine Park Authority (GBRMPA) whereby the authority assists with research costs encountered by the student. Applicants should already be supported by their administering institution with regard to basic expenses and have access to equipment, laboratories, research publications and computers. Funds will not be provided for conference attendance, consumables such as computer disks and paper, purchase of books and journals, or word processing/typing costs.

Important Dates

Application closing date: End January

Eligibility criteria

General information

Applicants must be postgraduate students studying towards a doctorate or master degree at an Australian university, or, in the case of overseas students, postgraduate students studying towards a doctorate or master degree and sponsored by an Australian research institute or university. Researchers with reports outstanding to the authority may be ruled ineligible to apply. Applications will be accepted from students studying any aspect of the physical, biological, social, cultural and economic environments of the Great Barrier Reef. Recipients must reside in Australia for the full term of the grant.

PHD AND MASTERS RESEARCH SCHOLARSHIPS

Description

CRC Mining provides postgraduate students with the opportunity to conduct their CRC Mining thesis work as members of multidisciplinary and generally multi-organizational project teams. CRC Mining students conduct postgraduate research towards projects that are not only commercially viable, but also important for mining safety and productivity. At CRC Mining, postgraduate researchers are a valued part of the centre's intellectual capital and are paid sizeable scholarships (tax free) to reflect their important contribution. The centre offers scholarships to students wishing to pursue research in mining engineering, electrical engineering, and mechanical and mechatronics engineering.

ROTARY WORLD PEACE FELLOWSHIPS

Description

The Rotary Centres program is intended for individuals who have chosen a career in international relations, peace, and conflict resolution to pursue master studies. For example, individuals active in journalism, civil service, nongovernmental organizations, diplomacy, mediation work, and the military may be strong candidates for the Rotary World Peace Fellowships. For more information, visit <http://www.rotary.org/en/StudentsAndYouth/EducationalPrograms/RotaryCentersForInternationalStudies/Pages/ridefault.aspx>

Additional Information

The following categories are ineligible: Rotarians or honorary Rotarians; Rotary employees; spouses, lineal descendants or ancestors of any living Rotarian or Rotary employee; and former Rotarians and their relatives as described above within 36 months of resignation.

Duration and Value

Duration: 2.0 years

Extra Details: The scholarship is paid as fees only for the period of 2 years.

Eligibility criteria

General information

Scholars must have a demonstrated commitment (no less than 3 years' experience) to peace and international understanding through their professional and academic achievements and/or professional and community service activities. Individuals who have been 'in the line of fire' helping resolve community or international conflicts make ideal candidates. Candidates must be proficient in more than 1 language, including the language of study, and be applying to attend a centre outside the home country. The award of the fellowship is dependent on acceptance to the degree program at the nominated centre.
