WELCOME TO
**FACULTY OF ECONOMICS
AND MUAMALAT**

The success of a nation is normally measured not only in terms of its godly faith but also in its effort to live life well. Today's world requires the modern and progressive Muslims to be competent in 'tauhid' and 'syariah' as well as muamalat knowledge in order to be successful in life hereafter. Allah says:

"But seek, with the (wealth) which Allah has bestowed on thee, the Home of the Hereafter, nor forget thy portion in this world: but do thou good, as Allah has been good to thee, and seek not (occasions for) mischief in the land: for Allah loves not those who do mischief.» (Al-Qasas:77).

The area of Muamalat (Islamic business transactions) administration is one of the subjects that has been studied in the Islamic world since the era of the Prophet Muhammad SAW. It provides Muslims with guidance in human relationships as well as organized the structure of Human Resource Management.

It is hoped that the Faculty of Economics and Muamalat, Universiti Sains Islam Malaysia (USIM) will be another channel to produce graduates who are knowledgeable, skilful and professional in the field of Muamalat administration. Besides, it is also the aspiration of the University that the Faculty will uphold the principles of Islam by creating more opportunities for experts, intellectuals and scholars to research and investigate and eventually expand the knowledge of Islamic economy and Muamalat.

IQMAL HISHAM

Graduate of Bachelor in Accounting
with Honors

"The integration of Naqli and Aqli knowledge at USIM makes me more knowledgeable and gives me more insights into the concept of syariah-compliant in finance and economy. This would help me to further advance the understanding and application of Islamic finance and economy not only in Malaysia but to the world as a whole." ▼

NOOR BAITI ABDUL RAHIM ▲

Executives at Bank Negara Malaysia

"I graduated in Bachelor of Accounting from Universiti Sains Islam Malaysia in Dec 2013. USIM has a lot of very dedicated lecturers that are spiritually and mentally able to ensure that the students will be on par with the other university students. I remembered, there was one time, we were trying to get the accreditation of the accounting degree certificate. The lecturers engaged with the students quite frequently to improve the teaching method so that we will be graduating with MIA accreditation."

"In class, it was definitely not just a one way interaction between the lecturer and the students. We had so many group activities, presentation and assignments that we had the change to stand in front of the class. With all the different methods of teaching, we were presumed to build more confidence and social skills in enduring the challenges after we graduated."

WHY STUDY AT

FACULTY OF ECONOMICS AND MUAMALAT

The Integration of Naqli and Aqli Knowledge

Faculty of Economics and Muamalat (FEM) was established in 2001 and is considered a pioneer and leading faculty in this field. Its main aim is to offer broad-based degree programs, at both the undergraduate and postgraduate levels, that integrate Islamic foundations with contemporary knowledge and practices. The objective is to produce graduates that are not only knowledgeable and competent in the field of Muamalat but who are also creative and trustworthy in discharging their duties as Muslim professionals.

Innovative Teaching and Learning

FEM focuses on courses and curricular activities that are relevant to the industry's requirement. We also encourage mature students (local and international) to join our postgraduate programs, because we believe interaction with others would help mould our graduates to be more open-minded, knowledgeable and more sensitive of other culture and practices. Distance learning facilities are also available.

FEM is dedicated to educating the next generation of leaders in Muamalat and Islamic Economics. We utilize a student-centred learning approach with continuous updates on the quality and relevancy of our curriculum.

The faculty is committed to producing promising and excellent students with Islamic principles reflecting from the integration of naqli and aqli knowledge as stated in the university's philosophy.

Novel research area

Dynamic changes in the global and regional economy have taken place that has impacted the society in a massive way. Such changes are seen as the driver for faculty members to be innovative in teaching and learning activities as well as provide direction for researchable areas. Novel and invaluable research outcome are always emphasized by academics in fulfilling the national agenda of transforming Malaysia into the region's Islamic Finance Hub.

GREAT CAREER PROSPECT

Our high programme standards ensure graduates are respected by both local and international employers. The employment record of our graduates is one of the best in the country (within its sector) with graduate employability of 75 percent, which reflects that the attributes and skills they possess match those required by industry. In addition, they also have the potential of obtaining and building a fulfilling career through continuous development of skills and knowledge that can be acquired throughout their career

They are highly demanded in the market as not only their knowledge reflects our uniquely tailored syllabus, they can also portray proficiency in both English and Arabic.

MANY OF GRADUATES FROM FEM PROCEED STRAIGHT INTO WIDE-RANGING CAREER PROSPECT IN VARIOUS POSITIONS OF ORGANISATIONS SUCH AS :

BANKING INSTITUTIONS, FINANCIAL INSTITUTIONS, TAKAFUL AND INSURANCE INSTITUTIONS, BROKER AND SECURITIES COMPANIES, FUND MANAGEMENT AND UNIT TRUSTS INSTITUTIONS, OTHER PRIVATE ORGANISATIONS, ISLAMIC ECONOMICS INSTITUTION I.E. TABUNG HAJI, YAYASAN PEMBANGUNAN EKONOMI ISLAM MALAYSIA (YAPEIM), PUSAT PUNGUTAN ZAKAT (PPZ), SMALL MEDIUM ENTERPRISES (SMES) AND ENTREPRENEURS SETTING UP THEIR OWN BUSINESSES PUBLIC ACCOUNTING FIRMS, INDUSTRIAL TRAINING

All undergraduates have to undergo this programme. FEM offers an opportunity for them to work with a company as part of the final year study program. It gives the students opportunities to gain hands-on experience and integrate theoretical knowledge and its application in industry as well as acquire additional knowledge and skills as well as develop a healthy mindset to add value to their learning curve.

GRADUATE SCHOOL OF MUAMALAT (GS-MUAMALAT)

Paradigm Shift for Ethical Transformation

Formally established in 2010, the Graduate School of Muamalat (GS-Muamalat) is positioned under the umbrella of Faculty of Economics and Muamalat (FEM). GS-Muamalat is innovative, engaged and has a deep international and Islamic orientation with aims to create ethical global leaders who uphold all human values based on Shariah (Islamic Law).

The academia of Graduate School of Muamalat, are not only exceptional educators but active researchers involved in leading investigations within business and government. We are recognised as a leader in a number of key global industry initiatives crucial to the future of Islamic business education. GS-Muamalat acknowledges the strategic importance of partnerships with high quality domestic, regional and overseas institutions and organisations and thereby consolidating the internationalisation of our curricula, students and staff.

The School offers PhD and master programs in the areas of Economics, Management, Accounting, Islamic Finance, Islamic Banking, Takaful and Syariah Audit. The full range of program offerings integrate contemporary knowledge and practices with Islamic foundations, and are conducted by prominent faculty members and complemented by invited practitioners. Each carefully designed to cater for the career aspirations and backgrounds of the graduate student.

VISION

To be the leading regional graduate Islamic business school by year 2020

MISSION

To be the front runner in teaching, learning and research in Muamalat (Islamic business transaction) through the integration of Naqli and Aqli knowledge in the region for the enrichment of the society

ADMISSION REQUIREMENTS FOR THE GRADUATE STUDIES

MASTER DEGREE

- Suitable Bachelor's degree with Honors and CGPA greater or equal to 2.75 from USIM; or
- Suitable Bachelor's degree with Honors CGPA greater or equal to 2.75 from another institution of higher learning recognized by the Senate; or
- Other qualifications equivalent to a Bachelor degree and relevant professional experience recognized by the Senate.

DOCTORATE/DOCTOR OF PHILOSOPHY DEGREE

- Suitable Master's Degree with a minimum CGPA of 3.00 or equivalent from the University; or
- Suitable Master's Degree with a minimum CGPA of 3.33/4.00 or equivalent from another institutions of higher learning recognized by the Senat;
- Other qualifications equivalent to a Master degree and relevant professional experience that is recognised by the Senate; or
- Master degree candidates that are recommended by the Graduates Studies Committee to convert their study to Doctoral programme with the Senate's approval.

YOUR STUDY EXPERIENCE

FEM is completed with various facilities designed for research and teaching. Besides access to the university facilities such as libraries, the main facilities of the faculty are the conference rooms, computer labs, lecture Hall and mini studio room.

We are continually investing in our grounds, buildings and facilities to ensure that you have only the best surroundings in which to live and study.

We are proud of our 254 hectares university campus, which is strategically situated at Bandar Baru, Nilai, Negeri Sembilan approximately 20 minutes by car from the Kuala Lumpur international airport and 40 minutes' drive to downtown Kuala Lumpur.

The USIM Chancellery building is one of the iconic landmarks of the University. This building is inspired by Islamic architectures, with onions-shaped dome as its most highlighted features. From the bird's eye view, the building which consists of three building complexes forms the letter 'U' and facing towards the sacred house of the Kaaba in Mecca.

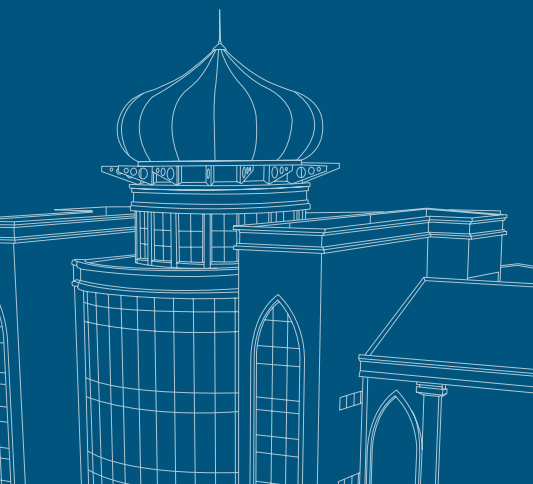

Global Open Access Learning System

At USIM, you will benefit from access to the GOALS (Global Open Access Learning System), which is a comprehensive and flexible e-learning platform that is designed to provide students and lecturers with a single dashboard that integrate information, administration, teaching & learning, communication and support services. GOALS provide a seamless growth path from the basic function of delivering online courses, to the creation and administration of online communities right up to the management of teaching and learning for the entire online campuses.

Soft Skills

As a USIM student, you will be part of the university vision to produce graduates who possess noble values. Besides university and program courses, there are diversity curriculum courses which are focused on developing major soft skills, namely Communication, Critical Thinking and Problem Solving, Teamwork, Learning and Information Management, Entrepreneurial Skills, Professional Ethics and Moral and Leadership Skills. These courses provide spaces for acquiring knowledge and skills through experiential and practical learning. There are three core programs, namely VOLUNTEERISM, CULTURE and SPORTS

APPLICATION AND ADMISSION

We are looking for students who possess positive attitudes, active, who have the ability and motivation to benefit from our courses and who will make a valued contribution to the faculty and the university. We welcome applications from all over the world and it is our aim to make the process as seamless as possible.
