CERTIFIED TO ISO 9001:2015  
CERT. NO. : QMS 03455

## What Is PIDC's Dentistry Programme About?

Penang International Dental College (PIDC) was established in the year 2006 and has since, successfully trained nearly 600 dental surgeons. We offer unique Doctor of Dental Surgery (DDS) programme wherein students pursue their first two years of clinical studies at Saujana Putra Campus, MAHSA University and final three years of clinical training at PIDC Campus, Butterworth, Penang.

PIDC is a full-fledged dental college with a dental centre, which offers holistic dental care. The dental clinic which has been fully operational for the past eleven (11) years has played a major role in the development of oral health care, especially for patients who are from the lower income group, the physically and mentally challenged groups and senior citizens.

The institution works together with the Penang State government, NGOs and welfare organizations to create awareness and encourage people from the lower socio-economic groups to access affordable oral health care.

## Why study Dentistry at PIDC?

### **An Established Private Dental College**

PIDC is one of Malaysia's pioneer private dental college. Our quality in dental education has been recognised and awarded MyQuest 6-Star rating by the Ministry of Education, Malaysia.

### **Unique Program**

This programme provides a unique learning experience for the students where they get trained at two of the leading dental education institution in Malaysia.

### **Benchmarked Curriculum delivered by well-qualified Staff**

The framework and content of PIDC's DDS curriculum is benchmarked to meet the highest standards in dental education. The curriculum is delivered to the students by qualified and experienced academicians.

### **A strong network of Alumni**

PIDC has trained nearly 600 dental surgeons, many of whom are working with the Ministry of Health, Ministry of Defence and in Private Clinical Practice all across Malaysia. The growing alumni also has many members pursuing post graduate training in universities in the UK, Australia, Hong Kong and Public Universities in Malaysia.

### **Affordable Fee**

PIDC offers quality education with affordable fees with the aim of training competent dental surgeons to meet the demands of Malaysia and global community.
