STEP 1: SUBMIT YOUR APPLICATION

The application deadline for UG, PG and Non-Degree Chinese Language courses (autumn course) is 15th July 2020. If you apply, confirming your offer and pay your deposit by 1st June 2020, you are eligible to receive the Early Bird discount.

The exchange and visiting programme application closes on 1st June 2020, so students, who are considering doing an exchange or visiting programme at XJTLU, should apply as soon as possible (ASAP).

XJTLU has scholarships available to international students. The university entry scholarships are available for application between September and the application deadline. The other scholarships are provided externally and have varied deadlines. They are usually open in the spring but have a narrow window for applications. Check the webpage for up to date information and read our mailshots, where we announce all scholarships as they become available.

Information about scholarships can be found on <https://www.xjtlu.edu.cn/en/study-with-us/admissions/scholarships>

- Entry Scholarship for Outstanding Academic Applicants
- Scholarship for Students from Hong Kong, Macao and Taiwan

STEP 2: CONFIRM YOUR OFFER

Depending on whether you meet the total requirements or whether you need to provide the university with any additional documents, you will receive either an unconditional or a conditional offer.

Visiting and Exchange students are likely to simply receive an offer without paying any deposit to secure their place at the university.

Degree students are recommended to confirm their offer ASAP, since it takes time to fulfill all of the following steps, as some steps can only start when the previous ones have been completed.

Here are the timelines for the key activities for your reference:

- Confirmation of an international bank transfer: 1-2 weeks
- JW202 Form (Visa Application for Study in China) processing on www.studyinjiangsu.org: 4 weeks
- Courier of Admission Notice and JW202 Form for visa application: 1 week
- Visa application: 1 week (it might take longer in some countries)
- Accommodation booking: the accommodation options available depend on how early you book it with us

Note:

In order for the education and immigration administrations' approval to issue the JW202 Form to you, the university is required to upload your photo to the Ministry of Education's International Student Information Management System for verification. Since the verification process takes around one month, you are expected to provide us with the photo right after receiving this request from the university.

Photos of non-degree Chinese language programme, exchange/visiting, and UG, PG and PhD students will be also used to make your Student ID Cards and Social Insurance Cards, so please make sure the requirements are followed when photos are taken and uploaded onto the system.

STEP 3: PAY DEPOSIT/TUITION FEE

Exchange and visiting students who come from XJTLU's partner universities follow the payment details/policies of their home universities, so they should skip this step.

After accepting your offer, use the following instructions to pay a non-refundable deposit or tuition fee to secure your place at XJTLU.

Non-Degree Chinese Language students do not pay a deposit. They must pay their tuition fees in full after confirming their offer.

The paper copies of your Admission Notice and JW202 Form will be couriered to you when the payment of your deposit or tuition fee is confirmed by the university Finance Office, so please email the receipt to international@xjtlu.edu.cn for confirmation purposes right after you finish the transaction with the bank.

STEP 5: APPLY FOR X VISA

In order to come to China and study at XJTLU, you are required to apply for a student visa. The student visa is called an X type visa, which translates as 学生 Xue Sheng (student) in Chinese. You need to make the application in our own country or where you are living before entering China. Your first step will be to check the location and guidelines specific to your nationality on <http://www.visaforchina.org>.

There are two types of X visa which relate to the duration of your study programme – one for long term study (more than 6 months) and one for short term study. For long-term students, you enter China using the X1 visa and then need to go through an immigration process to obtain a Residence Permit (RP).

The differences between the two types of X visa are as follows:

TYPE	PROGRAMME DURATION	ENTRIES TO CHINA	DO I NEED A RESIDENCE PERMIT?	COST
X1	Over 180 days	Single	Yes. Within 30 days of arriving in China. Residence permit is a multiple entry visa	<ul style="list-style-type: none"> Application fee (depends on country). Health check package after arrival in China (410RMB, including breakfast) Residence Permit 400RMB to cover a stay of up to 364 days
X2	Fewer than 180 days	Single	No	<ul style="list-style-type: none"> Only the application fee in your home country

You need the following documents for an X visa application:

1. Original Admission Notice (Sent to you by XJTLU)
2. JW202 Form (Sent to you by XJTLU)
3. X Visa Application Form downloaded from <http://www.visaforchina.org> visa application section on the website of the Chinese embassy in your own country
4. Any extra requirements listed on <http://www.visaforchina.org> or the visa application section on the website of the Chinese embassy

You need to **keep the Admission Notice and JW202 Form** safe after you have applied for the visa and bring them to China with you. You need them for your enrolment

and immigration processes. If, for any reason, the Chinese Embassy/Consulate do not return them to you please ask them to do this.

Note: Students who apply near to the July 15th 2020 deadline should pay their deposit ASAP if they wish to accept their XJTLU place. This is because of the risk of a visa delay and subsequent delayed arrival.

Step 5 status: Finished Not finished

STEP 6: BOOK AIRPORT PICK-UP SERVICE

The university will run three days' free pick up services to pick up new international students at Pudong Airport and Hongqiao Airport in Shanghai. The booking link will be sent to you when the dates are finalized.

The pick-up service schedule is:

DAY 1	12.30 18.30
DAY 2	12.30 18.30
DAY 3	12.30 18.30
PUDONG AIRPORT MEETING POINT	Starbucks Terminal Two 星巴克 Go right at the terminal arrival point. Starbucks is near to the right side of the arrival doors. This area is crowded, so you may not spot it immediately due to crowds blocking your view.
HONGQIAO AIRPORT MEETING POINT	KFC Terminal One 肯德基 Exit the arrival gate and turn left. KFC is on the corner of the terminal within sight of the arrival area.

At each meeting point look for the XJTLU 'camp' with the XJTLU pick up sign. You can call the XJTLU Global Engagement Team on 0086 153 7145 1021 for any emergencies at the airport.

IF YOU CAN'T USE THE PICK-UP SERVICE?

If you cannot arrive during these three days, there are plenty of public transport options to get to XJTLU. From the airport there are direct buses. Trains go from Hongqiao airport directly to Suzhou. See <http://www.xjtlu.edu.cn/en/about/visit-us> for more information.

BOOKING A PRIVATE TAXI

XJTLU can book you a private taxi from a third party commercial supplier. The rate will be fixed in advance (350-450 depending on the airport) and you should pay the driver directly. Taking a private vehicle is at your own risk. To book a taxi you need to provide us with the following information by emailing: international@xjtlu.edu.cn.

STUDENT NAMES	
EMAIL ADDRESS	
FLIGHT NUMBER	
ARRIVAL AIRPORT	<input type="checkbox"/> Pudong Airport <input type="checkbox"/> Hongqiao Airport
ARRIVAL DATE AND TIME (CHINA TIME GMT+8)	
PHONE NUMBER	
NUMBER OF CHECKED BAGS (I.E. - NOT HAND LUGGAGE)	

A single trip from the airport to any place in Suzhou will cost you RMB400 and you need to pay the money to the taxi driver on arrival in Suzhou.

WHAT IF THINGS GO WRONG!

In most cases travel is smooth but if you have a last minute change of plan, an unexpected delay or cancellation, the best laid plans go awry.

WHAT DO I DO IF MY PLANE IS DELAYED?

If you know before takeoff that there will be a delay, please send your name and estimated time of arrival to international@xjtlu.edu.cn and we will adjust the pickup service accordingly.

If the delay occurs on the journey, email if you can, but this might not be possible. XJTLU staff will check live flight arrivals and will know if your plane has incurred delays, so don't worry. After arrival, follow the normal steps and someone should be waiting for you as normal. If you are severely delayed, it is likely that the student helpers will have left with other students, only leaving the driver. The driver should have the university sign and be in the designated pick up area. Many illegal drivers operate at the airport and you may be approached by such a driver. They may give you the impression they are your driver. If you are not confident you have located the right driver, please contact the emergency supervisor to check (see below).

WHAT IF I AM STUCK IN CUSTOMS OR THERE IS A DELAY AFTER THE PLANE HAS LANDED? AND WHAT IF I CAN'T FIND YOU?

Don't worry. If you are stuck, then it is likely other students are too. The staff will check with arrival info to discover if delays are occurring. If when you enter the arrival halls you do not see the XJTLU 'camp', have a good second look in case you missed it first time. If you cannot find the pickup service go to the International Arrivals Information Point, which is the backup pick up location. Once at the info point, please wait there and try and contact us. Ask if you can use their phone to contact us:

In Chinese, 'I am lost. Can I call this number 0086 153 7145 1021?' is '我迷路了, 您能帮我打一下0086 153 7145 1021这个电话号码吗?'

HOW CAN I CONTACT XJTLU AFTER ARRIVAL?

If your phone is working, you can phone or text on **86 153 7145 1021**. Please keep your phone turned on even if you can't make outbound calls as we may be trying to call you. You can buy a local SIM card at the airport or try free Wi-Fi in some cafes and then use Skype or another web-based free service. Sending an email to us (international@xjtlu.edu.cn) will also work as we will be checking the account at that time to check if missing students have made contact. The International Arrivals Information Point can also call our emergency contact number for you. Give them the number and ask them to call.

WHAT IF I LOSE MY BAG?

If your checked luggage does not appear go to the help desk in the luggage hall, you will need to fill in a form. The address and contact number for luggage to be delivered to XJTLU is:

Central Building -108E, Xi'an Jiaotong - Liverpool University, 111 Ren'ai Road, Dushu Lake Science & Education Innovation District, Suzhou Industrial Park, Suzhou 215123
苏州市工业园区独墅湖科教创新区仁爱路111号, 西交利物浦大学中心楼108E室, 邮编: 215123

Keep the tickets and forms they give you. The luggage is normally delivered within 1-2 days.

IF I TOTALLY MISS THE PICKUP SERVICE AND CAN GET NO HELP, HOW DO I GET TO THE UNIVERSITY BY PUBLIC TRANSPORT OR TAXI?

If you missed the latest airport pick-up bus, which departs the airport at 6:30pm, you can stay in a hotel room in or close to the airport, and catch up with the early airport pick-up bus the next day.

If you want to come to Suzhou immediately, you can use the airport public coach or taxi. The coach ticket can be purchased at the coach ticket centre in Terminal 2. You can easily find it by using the directions in the airport or asking at the information point.

Schedule for the airport public coach:

PUDONG AIRPORT - HONGQIAO AIRPORT - SUZHOU INDUSTRIAL PARK	9:05, 10:00, 10:40, 11:10, 11:40, 12:10, 12:45, 13:30, 14:15, 14:50, 15:20, 16:10, 16:50, 17:20, 18:10, 18:50, 19:40, 20:30, 21:00
---	---

If you use taxi, please walk out of the arrival hall to find taxies waiting on the road. The licensed taxi is shown in the pictures below:

Normally there is a "Taxi" sign on top of the cab and they use a meter to charge the transport fee. One single trip from Shanghai Pudong Airport to Suzhou will cost around 600rmb and from Hongqiao to Suzhou around 400rmb.

STEP 7: PRE-TRAVEL INFORMATION

VACCINATION

Realistically, you are not in a rural or tropical region of China so you are unlikely to come into contact with cholera, rabies, tick-borne encephalitis or Japanese encephalitis; however, before you leave for Suzhou, you are advised to:

- Make sure you are up to date with vaccinations, for example, TB, typhoid, polio and tetanus
- Make sure you have vaccinated yourself against Hepatitis A
- Have a Japanese encephalitis vaccine if you are planning to travel to more rural places in China (especially in tropical areas) and / or South-East Asia
- Consider a rabies vaccine, especially if traveling to Tibet

Please talk to a travel nurse or other medical professional in good time for professional advice on vaccination.

INTERNATIONAL TRAVEL INSURANCE

For the sake of protecting yourself and your valuables, we recommend you buy international travel insurance to cover your trip to China. Please consult your international travel insurance provider for more information.

DOCUMENTS TO BRING TO CHINA

- Passport
- 5 copies of your passport information page and 1 copy of your Chinese visa page
- Pictures of your passport information page and Chinese visa page on your mobile phone
- 2 passport photos (white background)
- Original Admission Notice and JW202 Form returned to you by the Chinese embassy or consulate
- Financial documents to prove you have paid the deposit, tuition and non-tuition fees
- Scholarship certificate (if applicable)

MONEY

- Confirm with your bank on whether your credit card can be used in China or not
- Prepare enough Chinese currency in cash to pay the accommodation deposit and utility fees when checking into the accommodation (around 3,500RMB)
- Prepare enough Chinese currency in cash for yourself to buy food or pay for transport during the first few weeks

PACKING

Except for towels, linen, bedding and cooking utensils, which will be provided by the accommodation provider or can be bought at reasonable prices in Suzhou, you are recommended to bring the following things to China:

- Adapters for your electronic devices
- Special medications prescribed by your doctor
- Clothes and shoes for all seasons

When packing up, you should consider the following factors:

WEATHER

Suzhou is located in the south-east of China, in the subtropical humid monsoon climatic region, with four distinct seasons, mild temperatures and abundant rainfall. The daytime temperature averages 34°C in July / August, the hottest months, and around 0-3.0°C in January / February, the coldest months.

More information can be found on:

<http://www.weather-forecast.com/locations/Suzhou/forecasts/latest>.

ELECTRICITY

The electricity in mainland China is generally 220V, 50HZ AC (Hong Kong is 200V; Taiwan is 110V), so please check whether the voltage on your devices is compatible or not. For sensitive devices it is best to check that the cable has a transformer, especially if you are coming from the USA.

Sockets commonly used here:

Whilst it is very easy to buy electronics in China, they are not necessarily cheaper than anywhere else in the world and the quality cannot be guaranteed, even when shopping in a 'legitimate' tech shop.

Step 7 status: Finished Not finished

STEP 8: ONLINE REGISTRATION AND OPTIONAL MODULE SELECTION

All students have to use their XJTLU student accounts to register on E-bridge: https://ebridge.xjtlu.edu.cn/urd/sits.urd/run/siw_lgn. The student account and online registration manual will be ready in August 2020, and we will send them to students via email.

Student information is used for many important purposes, for example, registration in the system of the Chinese Ministry of Education for student status and degree recognition, emergency contact, social and commercial insurance purchase and reimbursement, scholarship application and awards and the visa application. Students must provide genuine and complete information when registering in the university system. All students, no matter their duration of stay, **MUST** register.

Notes for UG Students:

Y1 UG students should also use their accounts to select optional modules on E-Bridge before the deadline. The system will automatically allocate optional modules to students who failed to select their optional modules before the deadline.

Please do not hesitate to email international@xjtlu.edu.cn should you have any problem using your account to log in to the E-Bridge and / or ICE system.

Notes for Exchange and Visiting Students:

Exchange and Visiting students need to select modules. Follow the advice given and any requirements set by your home university.

TRANSCRIPTS

Semester 1 provisional transcripts will be published on e-bridge in March 2021. The original copy will be posted to the Study Abroad Office at the students' home university in late July 2021. Semester 1 & 2 final marks will be published on e-bridge in late July 2021. The original copy will be posted to the Study Abroad Office at the students' home university in late July.

EXAMS AND RE-SIT

Exchange students must follow XJTLU's academic calendar and exam schedules. Unlike some other universities' practice, XJTLU doesn't consider any special arrangements for exchange students.

The S1 & S2 re-sits will take place between 2nd and 7th August 2021. Re-sit results will be published on e-bridge in late August.

Step 8 status: Finished Not finished

INDUCTION WEEK ACTIVITIES

STEP 9: ACCOMMODATION CHECK-IN

XJTLU provides onsite support to help check into the accommodation for all students arriving on the three days when pick-up services take place.

For check-in, students need:

- Original passport
- Refundable deposit in cash (3,000RMB)
- Utility fees (water/electricity) in cash (approximately 500RMB)
- Three months rents to be paid in cash or with a bankcard.

The checking-in process involves signing the rental contract (in English) and you may need to wait for other students who have arrived at the same time as you, in a queue. A bit of patience is required, especially after a long journey, but take this chance to meet your new neighbours.

Before signing any contract, students are strongly recommended to:

- Read the contract carefully
- Check whether all items listed on the contract have been provided in the accommodation
- Check the condition of the provided items
- Request the property management officer to make a note on the contract if something in the accommodation is missing or broken

The accommodation is hotel style. This means that rent costs vary depending on the length of your stay. Longer contracts have a lower day rate so you have an advantage in signing a longer contract. If you then choose to check out early, then the day rate will be re-calculated to reflect your actual stay length and monies owed will be deducted from your deposit.

Please be kindly noted that:

- Residents are required to pay rent every three months. Long delays or failure to pay the rent may lead to termination of the tenancy
- The deposit receipt must be given back to the reception when checking out to get the money back
- The utility fee receipt should be kept as you need it to check with reception if you ever doubt the usage of electricity or water
- Confirm with your bank whether your bank card can be used in China to pay for your accommodation or any other bills

Please note that the university cannot offer the same accommodation related support to any students living in private accommodation.

Step 9 status: Finished Not finished

STEP 10: POLICE REGISTRATION WITHIN 24 HOURS OF ARRIVAL IN CHINA

Foreign nationals moving to China are required to register with a nearby police station after they arrive. Students who live in Parfait and MBA need to register at Yong'an Qiao Police Station, while those in Wenhua have to register with Hudong Police Station. The addresses of the two police stations are as follows:

Yong'an Qiao Police Station/永安桥派出所
Address in English: 318 Linquan Street, Dushu Lake Science and Education Innovation District, Suzhou Industrial Park
Address in Chinese: 苏州工业园区独墅湖高教区林泉街318号

Hudong Police Station/湖东派出所
Address in English: 389 Zhongnan Street, Suzhou Industrial Park (the north of Suzhou Industrial Park Traffic Police Station)
Address in Chinese: 苏州工业园区钟南街389号 (园区交警大队北侧)

Police registration must be completed within 24 hours of arrival in China and checking into accommodation. The police office is open every day except Sundays and national holidays.

Take your passport and the paper given to you when you checked into your accommodation. If your first night in China was in a hotel, you need to ask the hotel to register you in their system connected with the police station's accommodation registration system. If they cannot do that for you, please ask them for instructions on how to register with the police. After police registration, foreign students will receive an Accommodation Registration Form (临时住宿登记表), which will be used for their residence permit application in the Exit and Entry Bureau and for archive purposes with the accommodation provider (a photocopy). If you don't register with the police, then you may end up with a fine of 200RMB/day and / or difficulty in getting a residence permit.

Step 10 status: Finished Not finished

STEP 11: RESIDENCE PERMIT APPLICATION

International students who will stay in China for more than 6 months have to apply for a residence permit within 30 days of their arrival in China. The 30 days are counted from the entry date which is shown on the Chinese entry stamp in their passports. XJTU will help you apply for this residence permit.

In order to help new international students settle in, XJTU organizes the following to facilitate the residence permit application process:

- Residence permit application information session in induction week
- Teaching how to complete Residence Permit Statement Letter and Residence Permit Application Form
- Checking application documents
- Booking appointments for applying for residence permit at the Exit & Entry Bureau

Before actual application at the EEB need, you need:

- Residence Permit Application Form
- XJTU Residence Permit Statement Letter
- JW202 Form (provided by the Chinese embassy or consulate after the X1 visa application)
- Admission Letter (provided by the Chinese embassy or consulate after the X1 visa application)
- Copy of University license
- Passport, copies of information page, visa page and entry stamp page
- Accommodation Registration Form (received after the police registration)
- Passport photo with bar code which will be taken at the bureau
- Health report issued by the healthcare center after the health check or report verification

Step 11 status: Finished Not finished

STEP 12: INDUCTION PROGRAMME

The induction programme at XJTU is mandatory for all students. The program contains all the key information you need to start your study and stay in China successfully. It is also a great opportunity to meet your fellow students and meet new friends from China and all over the world.

The one-week induction programme covers following activities:

- The University Opening Ceremony
- XJTU Global Welcome Reception
- Residence Permit Application Information Session
- Academic Information Session
- Library and IT Information Session
- Campus tours
- Fresher's Fair
- Language placements tests

The opening ceremony will take place at the end of August / early September 2020 (TBC).

Students will receive a full induction programme plan when it is finalised in early August 2020.

Step 12 status: Finished Not finished

STEP 13: CHINESE BANK ACCOUNT OPENING

It is very useful to have a local bank account in China. This will save you time and money and allow you to use China's advanced e-payment technologies, which make life here very convenient.

- Previously XJTLU helped students open bank accounts but new banking regulations mean that students now need to do this independently. Luckily, it is still a relatively simple and quick(ish) process. You need the following:
- Original passport
- Student ID Card or Admission Notice
- Chinese SIM card number
- Tax payer code
- Minimum deposit of around 10-50RMB

As for the tax payer code, it could be TFN in Australia, or Tax Identification Numbers in Canada, France and Germany, Individual Numbers in Japan, INN in Russia, NRIC or FIN in Singapore, Residence Registration Number in South Korea, UTR or NINO (national insurance number) in the UK, SSN in the USA, etc. This number might have been assigned to you by your government at birth. If you are not sure what the number is, please check with the tax bureau. Your own banks in your country may know.

You will receive a list of banks and addresses as well as Chinese language instructions to show the bank when you get there to open an account.

STEP 14: PAYMENT OF TUITION FEES AND SERVICE CHARGES (KNOWN AS NON-TUITION FEE IN THE PAST)

Students are expected to pay their outstanding tuition fees and service charge by 11th September 2020.

Except for PhD and non-degree Chinese language students, all students are required to pay the service charge, which covers the text-book fee and printing fees, etc. The amount is 1,000RMB per semester and if the actual cost of books and printer use is lower than the amount paid, students will be refunded at the end of the academic year. For Exchange and Visiting students the service charge is 300RMB per semester.

XJTLU Global can be approached for the following support:

- Official invoice for wire transfer
- University USD or GBP bank account
- Amount of outstanding fees
- Assistance with on applying to pay fees by installments (by the end of Week 2, Semester 1)
- Confirmation of tuition and service charge fee payment

Notes for fee payment:

- The amount of the outstanding fees is what remains after the deduction of the deposit which international students paid to secure their place at XJTLU, and any scholarships which they might have been granted
- As a swift code might be required when wire transferring the money from your own country to Mainland China, we recommend you to transfer the money to the university bank account instead of your personal Chinese bank account
- Keep all the receipts which you will receive from the bank after paying the fees

Fee payment reminders are sent to students who have not paid their tuition fees or service charge after the deadline is due.

Step 14 status: Finished Not finished

USEFUL INFORMATION FOR LIVING IN SUZHOU

There are many things to consider, pay attention to or respect when living in a different country or region, for example, laws, language and culture, budget, health and safety, shopping and eating, communications, sports, and transport.

We provide you with the following information to help you understand what you should prepare for your lives in Suzhou and China.

LANGUAGE AND CULTURES

There are many good reasons to take the time to learn Chinese, not least because it will make your time studying in China a lot easier and more enjoyable:

- The Chinese Ministry of Education's requirement to learn the Chinese language and culture
- The Exit and Entry Bureau's language requirement when applying for a residence permit to work in China (Work visa for professionals in China have an extra 5 points for applicants who hold a Chinese HSK, the official government Chinese language test, certificate)
- The possibility to have a better experience in China
- Chinese language skills are much sought after by employers
- It gives you the confidence to travel and make more friends
- You get cheaper deals and save money on apps like Trip.com and Taobao and get the ability to order great food anytime on the many food delivery apps

Furthermore, student clubs, for instance the International Language & Culture Association, Overseas Buddy Programme and Language Partner Union, are also very helpful for enriching your experience in China. The Language Partner Union and Overseas Buddy Programme will allocate language partners and buddies to international students.

BUDGET

As lifestyles differ, the cost of living in China also varies enormously. Below is a representative sample which you can refer to when budgeting for your living costs:

ITEMS	Student A - Resides in international halls and lives cheaply, i.e., only eating Chinese food from the university canteen, avoiding clubbing or drinking, and occasionally taking the bus or metro into the old town.	Student B – Resides in international halls and lives cheaply during the week, but occasionally treats himself to food from a nicer restaurant. Goes drinking once a month. Normally takes the bus, but will take three or four taxis a month.	Student C - Lives the expat lifestyle, normally eating in western restaurants and going to bars. He owns a bicycle and takes taxis regularly
RENT	1,440 (MBA Apartment, for a contract over 91 days)	1,650 (Parfait International Apartment, for a contract over 365 days)	3000
UTILITIES	200	300	500
FOOD	800	2000	3000
TRANSPORT	50	200	300
LUXURIES	0	1,000	2000
MONTHLY TOTAL	2,490	5,150	8800

Note: The rent is subject to change slightly so please make sure your budget provides you with the flexibility.

Except for these monthly costs, you should also allocate funds for the following annual costs:

- 2,000RMB/year or 1,000RMB/semester to cover the service charge (e.g. textbooks, ID card, printing)
- Traveling costs (e.g. bus, taxi, train, flight)
- Medical costs (the insurance policy requires indirect billing, so you are strongly recommended to prepare some money for emergencies)
- Visa/residence permit costs (400RMB-1,000RMB, details can be found on the XJTLU International Student Visa Policy webpage)

LAWS AND POLICIES

Chinese law must be respected and obeyed by all international students who study at XJTLU. A lack of knowledge of the law is not a legal defense should you run into difficulties. In general, Chinese law is in line with law in most countries globally but certain aspects may be very different from your home country. Some examples may be:

- 1) Classification of certain illegal drugs. Cannabis and other so called ‘recreational drugs’ are regarded with a high level of severity and users may face custodial sentences.
- 2) Visa Conditions. Breaking visa conditions is taken seriously and may result in the cancellation of your visa, which may impact not only your studies but your future career.

For further reading on the law, see these translations:

International students should also conform to university policies and we highlight the following as especially relevant to your day-to-day lives:

- International Student Visa Policy
- Student Discipline Policy
- Student Attendance Policy

HEALTH & SAFETY

Insurances - the university provides its international students with free social and commercial insurances for international students; however, the prerequisite is that students have to complete the registration on E-Bridge. The insurance works in the following way:

INSURANCE	ADVANTAGES	DISADVANTAGES
Social insurance	<ul style="list-style-type: none"> Half of the medical bills will be automatically paid by the SIP Social Security and Provident Fund Management Centre to the hospital when a social insurance card is used by students at the hospital 	<ul style="list-style-type: none"> Students can only use the social insurance card in the hospital The cap for outpatient treatment is only 600RMB/year New students can only receive their social insurance card in January after the first semester, so students are expected to pay all the bills before a social insurance card is issued to them
Commercial Insurance	<ul style="list-style-type: none"> Can compensate for the rest of the medical bills which aren't covered by the social insurance. 	<ul style="list-style-type: none"> Indirect billing so students have to pay first at the hospital and then apply for reimbursement from the commercial insurance company Only medical expenses occurred in hospitals can be reimbursed from the commercial insurance company

Note:

- More details of the university insurance policies will be given to new international students in the insurance information sessions run by the XJTLU Global Engagement Team after the semester starts
- Neither the social nor commercial insurance covers medicine or equipment which is not listed in the catalogue produced by the Suzhou Social Security and Provident Fund Management Centre

If you have bought insurance in your home country and it is an international package, please consult with the insurance provider on the following:

- What is included in the insurance package
- Whether they need original medical receipts (Chinese insurance companies will take your original documents away in most cases)
- Whether private clinics are covered (if yes, please ask them to give you a list of covered clinics)
- Whether it uses direct billing and what you need to do to see a doctor without paying upfront
- Whether they have an office in China (if yes, who is your contact when you need insurance services)

HOSPITALS

We recommend our international students, who only have the university insurance, to go to the following hospitals and international clinics:

NAME OF THE HOSPITAL	ADDRESS	DESCRIPTION	RECOMMENDATION	APPOINTMENT

Please be aware that international clinics are expensive, while the maximum outpatient coverage from the commercial and social insurance policy is 3, 600RMB.	★★★	Call 6790 3490 to make an appointment

The medical insurance provided by the university covers treatment in public hospitals and private hospitals like Kowloon. The public hospitals in Suzhou are generally clean and reliable. Due to the language barrier and the different registration procedures in hospitals, we advise you to be accompanied by a Chinese speaker. If required, the XJTLU Global Engagement Team can arrange a member of staff or a student volunteer to assist you.

Please keep all official receipts / invoices and paperwork associated with your visit to the hospital in order to claim back your expenses either against your own insurance or the university supplied insurance.

Should you need information on any other hospitals, please don't hesitate to contact the Engagement Team on global@xjtlu.edu.cn after you arrive in China.

PRIVATE CLINICS –

the benefits of using a private clinic can be: a more foreigner-friendly environment, services generally offered by foreign doctors or those who have a high standard of English, and entirely western medicine-based treatment.

If your own insurance covers private clinics or you expect better services, Sing Health and Parkway could be the best options. Their information can be found on their websites: <http://www.singhealth.asia/en/index.php> and <http://www.parkwayhealth.cn>.

STUDENT COUNSELLING –

working in conjunction with the Mental Health and Development Centre (MHDC) at XJTLU alongside external health care facilities, we aim to support and respond to students' emotional needs and general wellbeing. Living in a different country can be exciting and yet stressful from time to time. Factors such as the language barrier, cultural differences, food and climate can affect you emotionally. Although we know that many students will have minimal problems adapting to the new environment, we are here to support you should you be finding it difficult, so that you can get the most from your time at University. If you wish to talk to someone about any concerns you might have, don't hesitate to contact us. **All enquiries of this nature will be kept confidential.**

Safety tips:

- Always lock the door and windows of your bedroom when you leave your room
- Only carry a copy of your passport (or photo on your phone) instead of the original passport when you are not travelling outside Suzhou
- Call the police on 110 immediately if you lose valuables, are attacked or robbed, etc. (A police case report is very important in these cases.)
- Only carry a small amount of cash with you
- Don't put cash in your luggage when you are travelling
- Don't leave your belongings unattended in classrooms or areas like library study zones at any time
- Don't leave your electronic devices charging unattended in your apartment as they may cause fires
- Be aware of your surroundings and potential risks, especially in nightclubs and bars. Pay attention to your drinks in case of spiking

EATING CULTURE

Food lies at the heart of Chinese culture. So much so that one of the most common greetings is “吃饭了吗 (Chi fan le ma)” which means “have you eaten” and roughly equates to “how are you”. It shouldn't be taken as an invitation to eat.

Restaurants in China can be divided into two main types, traditional and snacking (小吃). In a traditional restaurant, you order dishes which are placed in the middle for everyone to share. Portion sizes vary dramatically, but a good rule is to order one dish for each person dining + 2 extra dishes + 1 optional soup. These dishes are divided into cold dishes, meat/fish dishes, vegetable dishes and soups.

Recommended simple meal for two people: Peanuts花生米, Egg and tomato番茄炒蛋, 'Fish' flavoured meat鱼香肉丝, Stir-fried greens青菜. This may cost 35-60 RMB.

LOCAL CUISINE

Hot pot is to the Chinese family what Sunday dinner is to the British. You start by ordering a soup which you then use to cook meat and vegetables.

What to put in the pot?

Meat - lamb羊肉, beef牛肉, pork五花肉
Vegetables - potatoes土豆, sweet potatoes红薯, carrots胡萝卜, spinach菠菜, mushrooms蘑菇 (香菇, 平菇, 金针菇)

If you just want to go out to eat on your own, or want to eat something a little simpler, there are a variety of smaller restaurants to choose from. These can be roughly divided into rice 米饭, noodles 面 and wontons 馄饨.

SPECIALIZED DIETS

HALAL

All Chinese cities have Halal restaurants mostly established by Hui Muslims. Traditionally the north west of China was predominately a Muslim region of Chinese Muslim converts and people of Turkic descent who had settled on the Silk Road trading routes. Hui and Uyghur cuisine are now popular all around China and most customers are not Muslims. Halal is relatively well understood and respected due to the long historical presence of Muslims in China. Halal products and restaurants normally display a Halal (清真) certification:

I do not eat pork - wǒ bù chī zhū ròu - 我不吃猪肉。

Typical dishes sold in Halal eateries are:
Lanzhou beef noodles 兰州拉面
Xinjiang roast lamb 新疆烤羊肉串儿
Xinjiang saute spicy chicken 新疆大盘鸡

VEGETARIAN / FOOD ALLERGIES/ GLUTEN FREE

The concept of being vegetarian is not well understood outside of big cities and popular tourist destinations, whilst allergies are almost unheard of. Therefore, vegetarians and those with peanut and shellfish allergies need to be very careful when eating out in China. If a shortage of some highly seasonal fruits and vegetables does not bother you, access to a wide variety of fruits and vegetables in supermarkets, wet markets in communities or even roadside stalls will certainly meet your self-catering needs.

When going out to eat, you need to be vigilant and make sure that the food you have ordered is ok for you. Many restaurants have picture menus to show you exactly what is in the dish you are ordering. Be aware that shellfish and peanuts are used as flavouring in various dishes and that the server may not even realise their presence. Those with severe peanut allergies need to be really careful as a popular cooking oil is made from peanuts.

Safe bets: stir fried green/炒青菜 (Chao Qing Cai), egg and tomato/番茄炒蛋 (Fanqie Chao Dan)
I don't want any meat, just give me vegetables/我不要肉, 只要蔬菜。(Wo bu yao rou, zhi yao shucai)
Watch out for steamed bun (包子, Bao Zi), seemingly vegetarian ones often have meat in them
Yuxiang Qiezi- 'fish' flavoured aubergine (eggplant) is very tasty but often has meat in it
I'm allergic to shellfish, I can't even eat a tiny bit of shellfish/我对海鲜过敏, 一点点海鲜都不能吃。(Wo dui haixian guomin, yi dian dian haixian dou bu neng chi)
Watch out for very tiny prawns (虾米, Xia Mi) that are often used for flavouring.
I'm allergic to peanuts, I can't eat peanuts or peanut oil, or anything made of peanuts/我对花生过敏, 花生米、花生油等都吃不了。(Wo dui huasheng guomin, huashengmi, huashengyou deng dou chi bu liao)

COMMUNICATIONS

SIM CARD FOR TELECOMMUNICATIONS

China Mobile, China Telecom and China Unicom are the three major telecommunication providers in China. Their stores in Dushu Lake Science and Education Innovation District provide student packages which are normally cheap. If you want to purchase a SIM card or get connected to the internet in your accommodation, please visit their stores in the place where you will be living, for example, Wenxing Plaza and Wencui Plaza.

You will benefit from using a smart phone in China not just because of the 4G and 5G data provided by the three telecommunication providers but also the widely accessible WIFI in many places including the whole XJTLU campus.

Please be aware that some phone companies lock your handset to their service, in order to use your phone abroad you will need to get them to unlock it; and some overseas-made phones don't support 4G/5G functions in China, so you might need to buy a new handset after you arrive.

SOCIAL MEDIA

Your stay in China can be made much easier through the use of apps. Two apps that you will find useful are Pleco and WeChat.

PLECO

is an online English to Chinese / Chinese to English dictionary, which is available in all app stores. You may need to activate the Chinese handwriting keyboard on your phone before you can draw Chinese characters or type pinyin into the app to search for the meanings of the words. You can also ask a Chinese person to type a whole question into the app and then read the translation.

WECHAT (微信)

is the most commonly used social media app in China. This app allows users to make video and voice calls, send individual and group messages, make online payments, top ups phones, call for taxis and so on.

XJTLU GLOBAL WECHAT QR CODE

To use the Wechat Wallet to pay bills electronically, you need to associate one of your CHINESE bank accounts with your Wechat account by Click “Me”→“Wallet”→“Cards” (like you do it for PayPal).

When Wechat Wallet is set up, you can pay electronically in the following steps:

- Click “+”→“Scan QR Code”→“Scan vendor’s QR Code”→“Enter Amount”→“Enter Password”
- Or switch to the page “Me”→“Wallet”→“Quick Pay”→“Show the Cashier”

DIDI CHUXING

is a Chinese version of Uber. Users can use this app or WeChat in English to get a taxi or a private car registered with the company. As to payment, this APP allows users to pay through WeChat Wallet or Alipay, so it really can facilitate your transport.

AIR MATTERS

to check the air quality and weather, and receive advice on how to protect yourself.

BON APP

to find information of restaurants, including comments on the food served and special offers.

TRANSPORT

Suzhou has a very well developed public transport system with buses, metro and taxis available throughout the city. This system enables people to get around the city easily.

BUS

Buses - cost 1-2RMB (occasionally some routes which extend to the very suburb of the city may cost 4-5RMB/trip)

METRO

It is one of the most popular transport options in Suzhou, currently Line one and Line two are operating. Please read appendices for details.

TAXI

They are relatively affordable in Suzhou. All legal cabs with the Taxi sign on top use meters, so if the driver doesn't start the meter after starting to drive, you should ask them to turn on the meter (打, Dabiao).

There are two types of legal taxi.

Black cabs cost a bit more, normally 14RMB as the starting charge to cover the first 3 kilometers, and then 2.30 RMB/KM.

Other coloured cabs are cheaper and can be hailed in the street. Free cabs will have a green “空车” on the top, if the car has a red “有客” it means the cab is occupied.

When taking a taxi, unless you are confident to tell the place name clearly and accurately, you are suggested to have the address of the place written down in Chinese characters. It's also a good idea to have your home address on you when you go out so that you can make your way home should you get lost.

BICYCLE

If you enjoy the autonomy of getting around, a bicycle can be a good option. The quality bicycles can be found in supermarkets, shopping malls or some professional stores of a specific brand. Considering the road and traffic conditions, you are advised to wear protection gears such as the helmet, gloves and so on.

E-BIKES

Considering the quality of most e-bikes (battery powered scooters) and the risk they pose to your lives, we strongly discourage our international students from buying or using e-bikes. Fatal e-bike crashes are too common in Suzhou to even merit a mention in the local news. However, if you do decide to ride an e-bike, you are required by law to register your e-bike at the local police station in order to obtain a license and get your e-bike plated. Meanwhile, we strongly advise you to be careful, wear a good quality helmet and ensure that you are aware of the stopping distances of your bike (e-bikes often have very good acceleration and extremely poor braking systems). Most of all, remember that the ‘rules’ of the road in Suzhou are probably very different from those at home. Cars, e-bikes, bicycles and pedestrians routinely ignore traffic lights, zebra crossings, which side of the road they are on and even whether they are on a road or on a pavement. Every year, one or more international students end up in hospital due to an e-bike incident, sometimes with extremely serious consequences. We have already explained that the metro, buses, taxis and even bicycles are cheap and readily available in Suzhou. For all of these reasons, we repeat that we do not recommend any use of e-bikes.

NOTES:

Use of illegal buses and cabs: ignore any illegal buses and cabs which you may come across at the train or bus station. As these vehicles are not legally registered with the traffic management bureau, you might just put your life in danger, be deprived of the right to reimburse the medical expenses with the insurance providers if you are injured in an accident, or lose a lot of money since the driver tends to use fake bank notes. Please remember that you can always find the licensed cabs or buses at a certain spot by using the signage at the train or bus station.

Illegal motorcycles: motorcycles are prohibited for those who live inside Suzhou, so you won't be able to obtain a driving license or get a motorcycle plated. Therefore, for the sake of your own and others' security, we strongly advise you not to buy or use any motorcycle. Moreover, an accident that occurs whilst using an illegal motorcycle, no matter how severe or who is to blame, will invalidate any medical insurance you have and open you up to the possibility of lawsuits against you.

Driving license: foreign driving licenses are not recognised in China, so it is illegal to drive a car without a Chinese license.

TRAVELLING IN CHINA

China has an exceptionally well developed transport network, meaning that should you wish to you can travel throughout an enormous China, both in terms of its land and population, with relative ease.

PLANE

We recommend you to use following websites to book your air tickets to get around in China:

Ctrip.com - has an English language version, but at time of writing the website was only accepting Chinese credit cards.

Qunar.com - this website is entirely Chinese but has the best deals for flights. The best way to book flights is to ask a Chinese friend to book them online for you. They will need to write your name using the following format SURNAME/FirstnameSecondname.

TRAIN

China has an extensive network of trains with high speed rail links running throughout the east coast with continual development into western regions.

High speed rail trains: train number starts with either G or D offering two classes of seating, first and second.

Z, K, L or in numbered: older and slower trains, normally selling three classes of tickets, hard seat, hard bed and soft bed. Please be noted that the train tickets can only be booked a maximum of 18 days in advance.

It's a good idea to buy your tickets as early as possible as tickets are often sold out. The closet ticket centre is in student canteen at Wenxing Plaza on Ren'ai Road.

COACH

Coaches are a little more expensive than trains, but are useful for getting to smaller cities or out of city tourist locations. As coach tickets only go on sale approximately 18 hours before departure, they can also be used as emergency transport when trains are fully booked.

There is no easy way to book tickets online and finding a timetable is similarly tricky. Your best bet is to go to the coach station 汽车站/客远站 and ask at the ticket office there.

RELIGION 宗教

According to Chinese law, religious rites and activities can only take place in officially recognized places of worship, i.e. churches, mosques, temples, etc. It is especially important to note that it is forbidden to carry out any religious activity on the university campus.

However, all of the major world faiths have followers in China.
